Florida Ready to Work In 9 Weeks

Looking for a meaningful way to engage graduating seniors who have met all their requirements but still need to attend class? Credentials are the perfect solution! Many teachers use Florida Ready to Work training to help students prepare for summer employment and strengthen their resumes before graduation. If you missed our webinar series, be sure to check out the recording [here](#). Want access to the materials? Reach out to your Customer Success Manager!

Interested in more implementation webinars? We are asking for feedback for our 2025 webinar series. Click [here](#) to tell us the topics you're most interested in to help you with your Florida Ready to Work implementation.

Attention Chromebook Users

Google retired their Chromebook Kiosk App technology at the end of 2024, therefore the current Chromebook lockdown browser **no longer works as of December 31, 2024**.

In response, we have released a new Chromebook Lockdown Browser Extension to be used on Chromebook devices for proctored assessments. If you currently use Chromebooks to proctor the Florida Ready to Work assessments, please visit the WIN Resource Center located within the Florida Ready to Work portal and follow these instructions:

- Click on 'WIN CRSystem' in the top menu.
- Scroll down to 'Technology Verification' and select 'Click Here.'
- Click on 'Chromebook Lockdown Browser Instructions' for instructions on how to update your Chromebook Lockdown Browser to use the Extension.

If you have any questions or need assistance with updating your Chromebook Lockdown Browser, please contact at customerservice@floridareadytowork.com or 888-717-9461.
