

## Smarter Skills Start Here: Discover What's New in Digital Skills Training

We are excited to announce that Florida Ready to Work, powered by WIN Learning, has released an update to Digital Skills Training that includes several enhancements to improve the learner experience. Each module now begins with an introductory video to welcome learners and give them a preview of the skills they are about to learn. The courseware also features additional interactive content to keep learners engaged throughout each module, and an introduction to artificial intelligence (AI) and its uses in the workplace.

In addition to improved instructional content, the training also features a refreshed layout and menu to allow learners to more easily navigate the modules.

More information about these exciting enhancements can be found in our [System Release Update](#). If you have additional questions, please contact [customerservice@floridareadytowork.com](mailto:customerservice@floridareadytowork.com).

If you'd like to explore these exciting updates further or discover how to integrate Digital Skills Training into your classroom, join us for our upcoming webinar, "Diving into Digital Skills with Florida Ready to Work," on Wednesday, June 18 at 11 a.m. Register [here](#).

## Join Fellow Florida Ready to Work Champions at FACTE

The Florida Ready to Work team and champions from across the state will be sharing how students are getting Ready to Work! Be sure to catch one of our sessions at the annual Florida Association of Career and Technical Education (FACTE) Conference in Orlando July 20 - 23. Register for the FACTE conference [here](#).

## Graduating Learners Best Practice Tips for Florida Ready to Work System

With the end of the 2024-25 school year, many of your learners may have graduated and will no longer need access to Florida Ready to Work from your location. To help keep your rosters current in our system, we encourage you to share a list of your graduating learners with your Florida Ready to Work team member. We'll take care of transferring them to a new location — helping you keep your learner pool organized.

If you have any questions, please contact us at [customerservice@floridareadytowork.com](mailto:customerservice@floridareadytowork.com) or 888-717-9461.
