

Digital Skills Training

Updates Coming June 2025

We are excited to announce that next month, Florida Ready to Work, powered by WIN Learning, will be releasing an update to Digital Skills Training that includes several enhancements to improve the learner experience. Some of these updates include introductory videos for each module, interactive content, and an introduction to artificial intelligence (AI). The training will also feature a refreshed layout and navigation menu.

Look for more information about these updates in the coming weeks.

Join Fellow Florida Ready to Work

Champions at FACTE

The Florida Ready to Work team and champions from across the state will be sharing how students are getting Ready to Work! Be sure to catch one of our sessions at the annual Florida Association of Career and Technical Education Conference in July.

Graduating Learners

Best Practice Tips for

Florida Ready to Work System

As the school year comes to a close, many of your learners may be graduating and will no longer need access to Florida Ready to Work from your location. To help keep your rosters current in our system, we encourage you to share a list of your graduating learners with your Florida Ready to Work team member. We'll take care of transferring them to a new location — helping you keep your learner pool organized.

If you have any questions, please contact us at customerservice@floridareadytowork.com or 888-717-9461.

Contact Us
