### Introducing Assignments - The tool you did not know you needed!

Florida Ready to Work, powered by WIN Learning, has released Assignment Manager. It is designed to better support workforce professionals in guiding job seekers through career readiness training. The interface allows administrators to assign tasks at the lesson level, enabling a more personalized experience for job seekers. Additionally, curated assignment templates can be saved and shared across teams, streamlining coordination and improving service delivery. Join us for an upcoming webinar to explore how this new tool can help you more effectively engage and support job seekers across Florida.
